DOCTOR HAS TO WALK.

Condition of Roads in Pomfret Prevents Use of a Team.

South Royalton, March 23.—Diphtheria has entered the family of Francis Parker on Bunker hill in Pomfret. Friday night a little girl died and since then Mrs. Parker, two other children, and Mrs. Parker's father, Joseph Pitkin, have all been taken ill with the disease.

Dr. H. M. Montefiore of Quechee, attends the family. He drives within about a mile and then is obliged to walk the rest of the way, as the roads are impassable for a team. Monday he tried in every direction to get the assistance of another doctor, but failed. It was feared the patients could not live unless more help was secured and breathing tubes inserted for those most seriously ill. Tuesday afternoon a little change for the better was reported.

White Coral.

To clean white coral soak it for some hours in cold rain water and then immerse it in a solution of chloride of lime. Let it remain for twenty-four hours and then hold it under a cold water tap for about ten minutes, so that the water may percolate through it. If the coral be very dirty this process may have to be repeated a second time.

GRANITEVILLE.

New sugar on snow will be served in the Presbyterian church hall next Wednesday evening, March 29. Professor Corliss will assist with the entertainment in his usual happy manner. Come all and spend a social evening. Admission 15 and 25 cents.
